I love Roblox, but there are some things that I don't like. My favorite aspects of Roblox are that it's fun and easy to play with my friends online, and it has funny ways of making you laugh or feeling nervous. My least favorite aspect is that if you use your neighbor's computer (turn it on/jack in) you can't change your username or skin. Also, there are players who break laws such as swear words, so they get banned from Roblox for doing so. I don't think Roblox should be edited at all, but just taken off.

Afterwards, ROBLOX began taking action on these cases and will be using an automated system to monitor all transactions for suspicious activity.[43] ROBLOX has also been known to restrict the number of items that a player can sell. This is because many people would sell off too much of their collection to gain more currency, which can make it harder for other players to find popular items.[44]

There are already so many other games which really offer no value at all but still manage to rack up millions of dollars in profits. They manipulate players into becoming addicted to their games like gambling addicts by design. At least gambling junkies have the option to take a break and decide when they will spend money and get back to having fun again.

ROBLOX also has a plugin called "Google Play", which allows any application made with Google Play's interface to be distributed on ROBLOX. The first release of this plugin was in April 2021, but there have been many updates since then.

On May 29, 2021, ROBLOX decided to stop giving out high-quality builder's cards to anyone who has one of these cards, making it no longer possible for them to build long games on ROBLOX. This was the first time that high quality builders clubs were ever taken away from people who had them. On July 15, 2021, ROBLOX re-enabled the old low-quality builder's club and added another high quality builders card which can be used by anyone without making their game longer than 30 days. This update helped in the new Club Builder's Club Builder's Club Update which gave people who had builder's cards prior the ability to make their ROBLOX games longer.

The 100Robux app is really easy to use, and can be used on every device even without installing Roblox. The adverts are quick and easy to use, and the free robux is a great thing to get. All I would say about the 100Robux application is that it is simple and easy to use, even if you are not good at gaming. Also when using the 100Robux app, there is no risk of your account being banned or anything because it is just a game app.

ROBLOX has also been criticised for lacking any kind of quality assurance for its games. There have been many issues with the quality of some games and many users have complained that their game descriptions are not accurate. The site is also frustratingly inconsistent in the manner it deals with things like this, often banning users who complain about bugs and glitches within their games but not actually banning anyone who commits an illegal act, such as copying someone else's game and selling it without permission.

I downloaded Robloxian Life from the App Store (it is free). After creating my character, I found myself in an unfamiliar location. There were trees everywhere! No sidewalks or buildings to view through my character's eyes. I began to look around for landmarks so I could find my house. Soon, I found it. An old abandoned house; the perfect place for me to live and work in the game! There were no other houses around, so I thought this one was mine! It wasn't long after my character had moved in that another player decided to move into my house. They didn't like my treehouse. They wanted to build a new house where there were trees and nobody could see inside. I thought it was a great idea! The next day, they created a new building and started working on an addition to the house themselves. Soon enough, our houses were completely different from each other; each one had its own unique features and decorations. After a couple days, I decided as the "host" of both houses that I wanted to make them look alike. I bought my friend's house and used the money to buy some items and paint to change his house into mine. The next day I was playing Robloxian Life, only to find out that my new house had been destroyed by one of my friends during the night. He asked me why I had changed his home. He said he liked his original house better than mine. Somehow, he managed to get at my items and destroy everything I had built in one night. I had no choice but to remove him from the game. I never really wanted to keep the house he destroyed, so I got it demolished and sold.

ROBLOX has a number of international offices. They have offices in Canada, Russia, South Korea and Mexico. ROBLOX also has a representative office in Brazil and one in Japan. ROBLOX was sued by a user named Jacob Jones, who created an account on ROBLOX in 2021. Jacob created a game called "Cops and Robbers" with property he created outside of ROBLOX. He also released his own app, which would allow him to earn money from advertising; his app used "Cops and Robbers" as its icon. However, ROBLOX did not want other programs to use the ROBLOX logo without their permission, so they filed a lawsuit against Jacob Jones. This case is still ongoing.[7] In September 2021, the court ruled that Jacob Jones had violated the Terms of Service by using ROBLOX's logo in his app. However, the court ruled that ROBLOX did not hold the copyright for "Cops and Robber's", and Jacob Jones was able to continue using it.[8]
