The game is not very challenging. Even though there are a lot of games available on it, there isn't much in the way of difficulty. This is a big negative in my opinion - especially for older kids who love to face tough challenges such as some video games on the market now which can sometimes be really difficult and where you have to wait for many hours in order to even pass the game. This might be a problem if you are playing with smaller children - some games on roblox are known to last for days or weeks before they finish. My 6 year old absolutely loves roblox and games like this are great for that age group. If you're looking to play with kids older than that then I'd suggest looking at something else. There is some violence in the game, but nothing major (for example you can only fight by swinging a sword or shooting a gun, rather than hand to hand fighting) and it's all in the context of a game. Overall we love it and it was worth the money!

Roblox has received a mix of reviews. Many reviews are negative, saying that Roblox is not appropriate for children, as it contains an abundance of violence and inappropriate language. Some parents have raised concerns that Roblox may be a potential platform for sexual predators to target children.
